Q&A

Q4 Payment Methods

A4

- Cash (Korean Won, KRW): Some small shops or traditional markets may prefer cash payments, so it's advisable to prepare a small amount of cash.
- Debit & Credit Cards: International cards with overseas payment functions like Visa, MasterCard, and UnionPay are generally accepted.
- Mobile Payments: In Korea, payment systems such as KakaoPay, Samsung Pay, and Naver Pay are common, but Alipay and WeChat Pay may not be accepted everywhere. Therefore, it's safer to prepare both a card and cash rather than relying solely on mobile payments.

Q5. Procedure for Visiting a Hospital in Korea if You Get Sick

A5

- Mild Symptoms (such as a slight cold or headache):
